Dear Mrs Manley:-

Answering that part of your letter that does not refer to the Jacket order:-

I am at a loss to say how the caps were shipped to you without the letter "N" on them but am taking immediate steps to have the letters shipped on to you so that you may either have them sewed on there at our expense or send them to our Phila Branch where they will have it taken care of. That address is 1207 Walnut St as you know and you can mark them attention of Edw Taylor.

Regarding the bill for the caps -- you can either send on your check for them at your convenience or allow the amount to apply against the credit you have at Phila for the gross of balls that are due you. I beleive that it may be the best policy to keep them separte so that immediately upon receipt of the balls that are for your club and league our Phila branch can ship you and if you decide to do it that way -- when you send your check in for the caps also notify them to make the baseball shipment at once.

It is quite likely that I will be around or near New York before the current month is over and will make it a point to call you on the phone or see you if at all possible. It is my opinion that baseball will go on even more profitably in 1945 than in '44 in spite of the handicaps of the man-power etc -- will make one hustle to get together the sort of club desired --

Remember me to Abe and dont fail to call on me at any time for any service I can possibly be to you.

Very sincerely
